

The purpose of Guadalupe School is

- to develop academic English language proficiency among English language learners
- to have at least one year's academic growth each year for each student in grade appropriate subjects
- provide high quality instruction to each student according to their academic needs including:
 - high quality Tier I instruction
 - student specific Tier II and Tier III interventions
 - high quality instructional staff enhanced through:
 - observation and assessment resulting in individualized coaching
 - professional development targeted to regulatory compliance and effective instructional technique
 - mentoring program for Level 1 teachers
- engage families in order to extend the learning experience beyond the school day
